WE'RE EXCITED!

The Footstone Team is truly honored and excited about the opportunity to work with you and your family! Please look over the details below as we get ready for your session!

WHEN do I schedule my session?

Right away! Let's not wait another minute to schedule your session! Our outdoor sessions are typically scheduled in the early morning or late afternoon for the best natural light. Studio sessions can be scheduled any time of day and we have several options for color and textured backgrounds. We suggest scheduling your session at least three to four weeks in advance. Some weekends are available, but most sessions will be on a weekday.

WHERE will we photograph the session?

Sessions may be in our lovely studio in Haile Village or on location within the Gainesville area. We definitely have ideas of fun and gorgeous places to shoot, but always love your suggestions of new places. For toddlers, we can shoot at your home where they may be more comfortable and we can truly capture their personalities and spirit.

WHY are professional portraits important?

Because you absolutely can't miss a second of your families lives! You must preserve each moment and stage forever. Our main goal is to capture and showcase you and your family's amazing personalities in an artful way. The experience with us will be a blast and you'll walk away with images finished as heirlooms.

HOW do we move forward?

Email us at photo@footstone.com or call the studio at 352.562.3066. More details are below with information about our session and product pricing. We also invite you to visit our website and review the Frequently Asked Questions section with more details about your session. We're looking forward to it!

SPECIALTY PRODUCTS

CUSTOM DESIGN & SIZES

We offer many other sizes including square, panoramic and custom sizes. Multiple images can be used on a wall portrait with colors, textures or designs that compliment the room where it will be displayed. This is our *Designer Line* option.

We also offer a variety of products including custom designed albums, cards and collections! We work with each client so that we know exactly what products are special to you and where the artwork will go in your home. All of our products are packaged artfully because we want your experience to be exquisite from beginning to end.

ABOUT FOOTSTONE

The reason we love what we do is because we believe that printed images of our loved ones are the most precious pieces of artwork a family could have. We understand that there are different ranges of what people will invest on artwork of their family. Because we believe each family has unique needs, we do not offer preset packages. We offer *a la carte* pricing to fit a variety of needs. The main reason why the majority of our clients choose us as their photographer is because of our specialty in creating custom wall art and heirloom albums for their home. We take pride in capturing the love, personalities and interactions of children and families. We are not the least expensive studio nor the most expensive studio in town, but we are one of the most artistic and service-oriented studios who understand how important all the little details are to you for this special time in your life. We are always incredibly honored to be chosen to capture these priceless moments and preserve them forever!

We're looking forward to working with you!

Paul and Kristin
